EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Todd Vaughn on December 15, 2005.

The application has been amended as follows:

Claims 12, 23 and 24 have been canceled.

2. The following is an examiner's statement of reasons for allowance:

It is noted that new claims 23 and 24 do not read on the elected figure of Figs. 6 and 7. It is noted that the embodiment of Figs. 6 and 7 do not teach the a plurality of pockets as set forth in claim 23 the plurality of pockets being removable as set forth in claim 24. Accordingly, these claims has been withdrawn and agreed by Mr. Todd Vaughn. It is noted that claim 12 does not read on the elected embodiment, i.e., the pocket does not extend completely across one of the plurality of panels.

It is noted that claim 1 recited the pocket having a top edge coincides with a top edge of the vertical panel and a bottom edge that coincides with a bottom edge of the vertical panel. Furthermore, claim 1 recites the means for providing access being provided adjacent to and along the top edge. It is noted that Marks (2821295) fails to teach the bottom edge that coincides with a bottom edge of the vertical panel, and there is no teaching to enable the bottom edge coincides with a bottom edge of the vertical panel as set forth in claim 1.
